Dear Fellow CLETS Users:

On behalf of all CCUG Board Members I would like to invite you to the California CLETS Users Group 2013 Training & Technology Seminar. This year our seminar will be held from September 10-13, 2013 at the Radisson Ontario Airport Hotel. We will be offering training classes by representatives from DMV, DOJ, and many other entities. You will find that our seminar will be a week packed with great information and dynamic speakers! Our goal is to ensure that our seminar has something for all our attendees, no matter your position within your agency.

The Annual CCUG Training & Technology Seminar has proven to be the best forum available to CLETS users for training, information exchange, and professional networking. Our membership is comprised of dispatchers, records clerks, trainers, investigators, and technical professionals representing law enforcement and criminal justice agencies throughout the state.

Be sure to visit www.ccug.org for more information about CCUG, seminar updates, chapter meeting announcements, chapter meeting minutes, and so much more. On our website you will also find links to other law enforcement sites and the vendors that support us.

I'm looking forward to seeing you in September!

Sincerely,

Keith LeBrun, Executive Director
California CLETS Users Group
